Product code. 00008642

These tools have an easy-to-clean groove-free plastic support, reinforced with a rod, and a rubber part coming into direct contact with the floor, pushing water away. Thanks to a ring-nut, any handle with a diameter from 20 to 24 cm can be attached, while the nail stops it rotating. White rubber is recommended for food industry because it immediately shows any trace of dirt. Available in the sizes: 45, 55, 75 cm.
