

## CLEAN & GO

RIGID DUSTER BIT CM 60 - GREEN COLOUR

Product code. 00008879

Bit the new duster. Light and ergonomic, Bit is perfect to clean all the places you hardly reach with traditional systems, such as wardrobes, radiators, walls, etc. Thanks to its size (60 or 40 cm), Bit has a wide cleaning surface, which reduces working times and therefore costs. Bit is made of a plastic frame, which can be inclined up to 270 °, and of a microfibre or acrylic spare mop. The frame has a plastic hook where to fasten the spare mop, in order not to slip it off when cleaning very narrow spaces, there are also some disks to fix viscose or pre-impregnated cloths. The handle can be easily pulled out if you want to put the duster on telescopic poles.
