

450 Mm Polish Finished Zamac Double Towel Rail

Description

The double towel rail in zamac (zinc, magnesium, aluminum and copper) with 45 cm is a functional and durable solution for bathrooms in hotels, local accommodations, spas and other professional environments. With two parallel bars, it allows hanging more than one towel, improving organization and facilitating drying.

The usable bar length is 45 cm, providing adequate space for daily use, while the total length of 53 cm includes the wall mounting supports.

Made of zamac, it stands out for its durability and resistance to intensive use, making it ideal for high traffic environments. The polished finish adds a clean and elegant look, easily adapting to different bathroom styles.

Wall installation is simple and secure, **with fixing screws included**, ensuring stability during daily use. The smooth surface allows easy cleaning and maintenance, supporting high hygiene standards.

- **Total dimensions:** Ø55 x 530 x 122 mm (height x
