

Hair Dryers Saniflow

Description

- Saniflow® with flex hose and handle hair dryer is the hair dryer for collectivities that is most widely used in the world, regardless of the location to be fitted.
- These machines, push-button operated, also feature easy maintenance, low noise levels and a high level of user safety. Together with an accurate design of components, SANIFLOW dryers boast the most powerful airflow in the world, which, combined with a comfortable drying temperature, reduces drying times to a minimum.
- With a 1.5 mm. thick steel cover, these hair dryers are available in 2 different finishes (white enameled coating and satin). These hair dryers are ideal for Heavy traffic Bathrooms.
- Thus, these are proven models with a long durability and complete reliability, with anti-vandalism features and designed to be installed in high traffic of people such as sport centers, swimming pools, SPA and wellness centers and large recreational areas, among others.
