

18/8 Big Stainless Steel Trunk Car

Description

Discover the efficiency and durability of the Luggage Trolley Inox 18/8 Big, specially designed to meet the needs of hotel directors and procurement managers.

Manufactured in the European Union with 18/8 stainless steel (Inox 304), this equipment offers superior corrosion resistance and easy cleaning, ensuring an impeccable presentation in demanding environments.

Its metal platform, covered with a non-slip mat, provides safety during luggage transport, while the integrated coat rail allows for practical organisation of belongings.

Equipped with two fixed and two swivel wheels Ø 200 mm, it ensures smooth manoeuvrability even in confined spaces.
