

## Brushed Stainless Steel Support Bar 80cm

### Description

Designed to reinforce safety in bathrooms, this straight grab bar is suitable for hotels, hospitals and other spaces adapted for people with reduced mobility. It provides stable support in areas such as toilets, washbasins or shower zones, facilitating daily use.

The fixing with two anchoring points ensures a firm and durable installation, even in intensive use environments. The brushed finish allows discreet and professional integration, maintaining resistance to corrosion and wear.

- **Technical features:**

- Made of AISI 304 stainless steel with bacteriostatic brushed finish;
- Dimensions: 800 x Ø32 mm (length x diameter);
- Bar thickness: 1.5 mm;
- Distance between fixing centers: 800 mm;
- Distance from wall: 38 mm;

### Product in Store

[Brushed Stainless Steel Support Bar 80cm](#)

cm from the floor to the bar;

- Includes stainless steel screws;
- Includes anti-conductive kit.

- **Maintenance:**

- Stainless steel requires maintenance, as dirt over time may damage the chromium (Cr) contained in it. Monthly cleaning with a specialized stainless steel product is recommended.

Invest in a resistant and reliable solution to improve the safety and accessibility of your facilities.
