

120 cm Stainless Steel Grab Bar

Description

The 120 cm grab bar in polished stainless steel was developed to improve safety and accessibility in adapted bathrooms in hotels, hospitals, clinics, nursing homes and public sanitary facilities.

Made of AISI 304 stainless steel, it offers high resistance to corrosion and excellent durability in humid and high-use environments. The straight design with two fixing points provides secure support near toilets, sinks, showers and bathtubs.

- **Main features:**

- Straight wall-mounted grab bar;
- Made of AISI 304 stainless steel;
- Polished/gloss stainless steel finish;
- Structure with two fixing points;
- Length: 120 cm;
- Distance from bar to wall: 3.8 cm;
- Tube with Ø32 mm;
