

Individual Recycling Bin Plastic/Metal Painted 45L Black

Description

The Individual Recycling Bin Plastic/Metal Painted 45L Black is the ideal solution for environments that value sustainability and the organization of selective waste such as hotels shopping centres commercial centres airports and offices.

Manufactured in Portugal with 0.8 mm sheet painted in black this recycling bin combines durability and discreet design ensuring easy integration in modern spaces.

Equipped with a hinged lid with hinge and central opening of 115 x 115 mm it allows efficient disposal of plastic and metal waste signalled by vinyl lettering that facilitates identification of the type of recycling. The internal ring for suspending plastic bags adds practicality in maintenance while the rubber supports at the base protect the floor from scratches.
