

Folding Stainless Steel Vertical Shower Seat

Description

The foldable shower seat is an essential solution to ensure comfort and safety during bathing, being especially suitable for hotels, hospitals, care homes and spaces adapted for people with reduced mobility. It allows the user to sit in a stable position, reducing the risk of falls in wet areas.

It stands out for its foldable system with vertical rotation, allowing the seat to be folded when not in use and optimizing space. It includes a locking system in vertical position and an anti-slip kit, ensuring greater safety during use. Its robust construction ensures durability in intensive use environments.

- **Technical features:**

- Made of AISI 304 stainless steel with brushed finish, offering high corrosion resistance
- Dimensions: 100 x 501 x 420 mm (height x width x depth)
- Folded dimensions: 420 x 449 x 62 mm (height x width x depth)

[Folding Stainless Steel Vertical Shower Seat](#)

- Bar diameter: Ø32 mm
- Net weight: 3 kg
- Maximum supported weight: 100 kg (with proper installation)

- **Maintenance:**

- Stainless steel requires maintenance, as dirt over time may damage the chromium (Cr) contained in it. Monthly cleaning with a specialized stainless steel product is recommended.

Invest in a safe, comfortable solution adapted to the accessibility requirements of your facilities.
