

2X125cm Extension Cable with LAMP

Description

- Telescopic handle.
- Material: Aluminum.
- Consists of 2 pieces.
- Ideal for cleaning outdoors and at heights.
- Long service life: stainless steel material guarantees a long service life for the product
- Practical: aluminum makes it lightweight
- Ergonomic: thanks to the diameter of the handle designed to reduce strain on the operator and prevent hand pain
- The initial end is made of rubber to make it easier to handle, while the other end has a universal coupling, with a European standard thread, which connects to all utensils for cleaning windows and ceilings.
- Lampo system for quick attachment and detachment with any cleaning accessory with Italian thread (Allows the same cable to be used for any frame / duster / squeegee / etc)
- Length: 2 x 125 cm
