

## Chrome Baggage Cart with Black Carpet

### Description

Efficiency and durability in luggage transport for hotels and reception areas.

- The 0.8 mm stainless-steel luggage cart combines strength, mobility, and practicality for the safe transport of suitcases and heavy loads in professional environments. Its robust structure with 51 mm tubes and polished finish ensures durability and an elegant appearance, suitable for hotels, resorts, and convention centers.
- The platform covered with non-slip black carpet protects luggage, while the full rubber bumper around the base prevents damage to walls and furniture during use.
- The top bar allows hangers or light items to be carried, adding functionality to the equipment.
- With 2 fixed wheels and 2 directional 8" (20 cm) grey wheels, the cart provides smooth movement and easy control, even on uneven floors.
