

Nilfisk VP300 HEPA BASIC EU Vacuum Cleaner

Description

The new Nilfisk VP300 vacuum cleaner features a renewed and modern design, with ergonomic improvements in the handle, closure, and curved elbow that reduce strain during use. Thanks to its large capacity tank (leading in its category) and more efficient cable management, this vacuum cleaner was developed to facilitate daily cleaning with maximum performance.

- Intuitive use: color-coded contact points for easy interaction.
- Simple access to the bag and filters.
- Ergonomic connection: foot-operated switch and optimized cable winding.
- Compact design: ideal for small spaces and congested areas such as offices, hotels, schools, and clinics.
- Quiet: perfect for cleaning without disturbing.
- Quick bag replacement: easy and effortless.
