

Swiss Metal Master 2100W Valera Gold Hair Dryer

Description

The Swiss Steel Master 2100 TF is a high-performance professional hair dryer, made in Switzerland, ideal for hotels and spas. With 2100W of power, ionic conditioning technology, and a long-lasting AC motor, it ensures fast, effective results with less frizz and more shine.

- Manufactured with a premium golden steel metal body, it stands out for its sophisticated and robust design, suitable for medium to intensive use in environments such as luxury hotels or spas.
- Smart Air Flow technology provides fast and efficient drying, while the cold air button, spiral cord, and ultra-thin concentrator nozzle offer total styling control.
- Main features:
  - 2100W power for ultra-fast drying
  - Ionic generator for smoother, shinier hair
  - Golden premium steel body, strong and elegant
  - AC-PERFORMANCE motor: lightweight, silent, and durable
  - 6 combinations of speed and temperature
