

Beech Wood Crib with Wheels and Drop Side

3 levels de altura para o colchão

Description

Natural beech wood crib, with a robust structure, adjustable height, and drop side. Ideal for hotel rooms, local accommodations, or children's spaces.

- Provide comfort and safety to the baby with a functional crib with a sober and versatile design.
- Made of solid beech wood, this crib combines durability, style, and ease of use.
- The crib sides feature plastic edging on top for added protection and durability.
- Thanks to its drop side and wheels with brake, it is perfect for environments that require mobility and practicality.
- Main features:
 - Structure in solid natural beech wood;
 - 3 height levels for the mattress (adapts as the baby grows);
