

Shower seat with 4 adjustable legs White ABS

Description

The shower stool is a practical solution to ensure comfort and safety during bathing, being especially suitable for hotels, hospitals, care homes and spaces adapted for people with reduced mobility. It allows the user to sit with stability, reducing the risk of falls in wet areas.

It stands out for its structure with four height-adjustable legs, allowing adaptation to different users and space configurations. The white ABS seat was designed to provide comfort, durability and easy cleaning, making it ideal for intensive use environments.

- **Technical features:**

- ABS seat with white finish;
