

Brushed Stainless Steel Trash Bin 50L with Pedal and Soft-Close Lid

Description

Modern design and maximum functionality for hotels and professional spaces.

- The 50L Pedal Bin combines generous capacity, elegant design, and features that make waste management more practical and hygienic.
- Made of powder-coated steel or fingerprint-proof stainless steel with an inner plastic liner.
- The Soft-Close lid closes silently and smoothly, preventing noise in hotel rooms, offices, or common areas.
- The wall- or corner-friendly design helps save space, while the integrated bag holder ensures no plastic is visible, keeping the appearance neat and aesthetically pleasing.
- It also includes a durable inner plastic bucket, resistant and easy to clean.
- Key features:
 - Capacity: 50 liters;
 - Material: brushed fingerprint-proof
