

Brixton Iron and Steamer Caddy

Description

Organization and safety for hotel rooms.

The Brixton Iron and Steamer Holder is an elegant and practical solution for storing ironing equipment in hotel rooms or service areas. Developed with British design and robust materials, it ensures functionality, durability, and style.

- The reinforced base, heat-resistant up to 180 °C, protects furniture and provides a safe place to set irons or steamers right after use.
- The cord storage compartment keeps everything tidy, while the integrated handle makes transport easy.
- Compatible with all Corby irons and the Stockton steamer ([CW26069](#)), the Brixton Holder can be placed inside wardrobes, in reception areas, or hung on Corby hook supports, maximizing
