

Sherwood Wall Mount for Iron and Ironing Board

Description

Organization and safety for hotel rooms.

The Sherwood Wall Mount for Iron (2000W) and Ironing Board is an essential accessory for hotels that value practicality and aesthetics. With British design and professional hotel specifications, it offers a robust and elegant solution for storing the steam iron and ironing board, keeping the room organized and functional.

- The rigid, durable structure features a heat-resistant holder that protects the iron's soleplate and prevents marks or burns on furniture. The concealed fixing system ensures a clean, professional look, easily blending with any décor.
- This holder optimizes available space while ensuring safety and convenience for guests and housekeeping teams.
