

Winchester Chrome LED Table Mirror with Batteries

Description

Elegance and functionality for hotel rooms and bathrooms.

The Winchester LED chrome table mirror enhances the guest experience, offering precise lighting and sophisticated design for personal care.

- With low-consumption LED lighting operated by a touch button, it allows light adjustment for makeup, shaving, or daily grooming. The mirror is double-sided, with 1x and 5x magnification, ideal for tasks requiring greater detail.
- It features an extendable arm (exclusive to the chrome version) and an adjustable head with 360° rotation and tilt, ensuring comfort during use. The auto cut-off system (automatic shut-off after 4 minutes) prolongs battery life and saves energy.
- With a durable chrome finish and a padded base with foam to protect furniture, it includes 4 AAA batteries for immediate use, with no need for
