

Newport Black Double Recycling Bin

Description

We present the Newport Black Dual Recycling Bin, the elegant and eco-friendly solution for waste separation in hospitality environments. Designed with international recycling icons, this bin facilitates the proper disposal of materials, promoting sustainable practices.

With a design that combines functionality and aesthetics, the Newport features a removable collar and inserts that make maintenance simple and practical. The hidden bag feature ensures a clean and organized look, preventing waste exposure and providing a more pleasant environment.

Manufactured with durable construction, this recycling bin is ideal for any hotel setting that values sustainability. With a capacity of 6L in each compartment, its dimensions of 365 mm in height, 192 mm in width, and 272 mm in depth make it a compact and efficient option for your space.
