

Eton-E Black Glass Door 10L Hotel Minibar

Description

Discover the Eton E-10L minibar, the perfect solution to enhance your guests' experience. With an elegant and compact 10-liter design, this minibar optimizes room space, providing convenient access to drinks and snacks. Its energy rating of B and the use of Low-E glass ensure energy efficiency, making it an economical and eco-friendly choice for the modern hospitality sector.

This minibar is designed to operate quietly, allowing guests to enjoy a peaceful environment. The door can open both left and right, easily adapting to the room layout. With dimensions of **440mm in height, 360mm in width, and 280mm in depth**, and weighing just 9.96kg, the Eton E-10L is lightweight and easy to install.

Equipped with R600a refrigerant (non-ammoniacal) and cyclopentane insulation, this minibar is a safe and efficient option. To ensure proper ventilation, a space of 50mm is recommended. With the Eton E-10L, you not only offer comfort to your guests but also invest in a solution that
