

Perla Laptop Safe with Electronic Code

Description

The Perla Laptop Safe is the ideal solution for those seeking enhanced security at home or in the office. Compact, robust and easy to use, it offers reliable protection for laptops, documents, money and personal items.

With external **dimensions of 192 x 430 x 350 mm (H x W x D)** and a **24.5-liter internal capacity**, it provides ample space to store essential items in an organized way. The solid steel body (1.5 mm thick) and 4 mm reinforced door ensure superior resistance to tampering attempts.

The locking system includes two Ø20 mm lateral locking bolts, guaranteeing a strong and secure closure. For extra stability, the safe features anchoring holes on both the base and the back, compatible with sturdy screws to prevent unwanted movement or removal.

[Perla Laptop Safe with Electronic Code](#)

The electronic keypad allows programming of user codes between 3 to 6 digits, along with a 6-digit emergency code. **Internal lighting** ensures visibility even in dimly lit areas. Powered by four AA 1.5V batteries (not included), it provides extended autonomy without the need for a power connection.

Weighing only 8 kg, it is easy to install without compromising security. It does not include internal shelves or slots, offering a clean space ideal for larger items such as laptops or A4 folders.

The Perla Laptop Safe is the perfect choice for those who value discreet design, intuitive operation, and reliable home protection.
