

Telegant 30 Protect Wall-Mounted Drying Rack

Description

The Telegant 30 Protect Wall-Mounted Drying Rack is a compact and perfect solution for those looking for discretion and efficiency when drying clothes in limited spaces. Ideal for hotels, local accommodations, hostels and Airbnb units.

When open, it features **five extendable rods of 60 cm each**, offering ample space for small items that require quick and safe drying. The structure allows efficient use of space, keeping the drying rack folded against the wall when not in use.

Made with rust-resistant materials, it ensures durability even in humid environments such as bathrooms. Installation is simple and quick, allowing for practical setup without compromising the design of the space.

When open, it **measures 71 x 5.5 x 36.5 cm (length x height x width)**, combining functionality with discretion on your balcony or bathroom.
