

Brushed Stainless Steel 26L Waste Bin

Description

The 26L Stainless Steel Waste Bin is a professional solution for waste management in environments that require durability, hygiene and a refined presentation. Manufactured in AISI 401 stainless steel, it features a brushed finish with anti-fingerprint treatment, helping to maintain a clean appearance even in high-use areas.

With a **capacity of approximately 26 liters and dimensions of 31.5 x 25.5 x 69 cm (length x width x height)**, this waste bin easily adapts to indoor spaces such as hotels, offices, common areas, corporate facilities and public buildings. The stainless steel structure ensures resistance to intensive use and facilitates daily cleaning, making it suitable for professional contexts.

- Also available in a version with 3 compartments: [CB6954](#)
- The standard version includes an identification vinyl of choice (PAPER, PLASTIC or GLASS) in Portuguese and English, without a coloured background, offering a discreet and harmonious
