

Black PU Leather Coffee Capsule Box

Description

The black PU leather coffee capsule box is an elegant and functional solution for hotels, guest accommodations and hospitality spaces that want to offer a sophisticated and organised courtesy service. Its square and compact design was created to optimise the available space, ensuring an impeccable presentation of coffee and tea accessories.

Manufactured in premium PU leather with refined black stitching, it combines durability with a discreet touch of luxury, fitting perfectly into modern environments with high aesthetic standards. The integrated lid protects the contents from dust, keeping items ready for use at all times.

The model includes a **removable double-sided insert that allows storage of 4 or 6 classic Nespresso® capsules**. When removed, the additional space becomes a versatile compartment for spoons, sugar sticks, milk, tea or other essential items. The base features 4 protective gliders that preserve the surfaces where it is placed.
