

Beige PU Leather Coffee Capsule Box

Description

The beige PU leather coffee capsule box is an elegant and functional solution for hotels, guest accommodations and corporate spaces that seek to offer an organised coffee service with a touch of discreet sophistication. Its square and compact design fits easily into modern rooms, courtesy trays and premium amenities, enhancing the guest experience without taking up unnecessary space.

Manufactured in high-quality PU leather with matching stitching, it features a warm and welcoming finish that integrates harmoniously into contemporary environments. The top lid protects the contents from dust and keeps coffee accessories impeccably presented at all times.

The box includes a **removable double-sided internal support, allowing organisation of 4 or 6 classic Nespresso® capsules**. When removed, it transforms the interior into a spacious compartment, ideal for spoons, sugar sticks, milk or tea. The base incorporates 4 protective gliders, ensuring the furniture surface remains scratch-free.
