

Non-Slip Bathtub Mat for Hotel

Description

The Dover bathtub mat is the ideal choice for hotels, guesthouses and Airbnb units that want to add a safety element to their bathrooms. Made of durable, easy-to-clean non-slip rubber, this white mat provides a secure surface, preventing slips and falls during bathing.

With **dimensions of 74 x 34.5 x 1 cm (height x width x depth)**, it fits perfectly into different bathroom spaces. Its textured rubber, combined with strategically positioned non-slip suction cups, ensures a firm grip to the surface, while the widely spaced drainage holes prevent clogging from dirt, making maintenance easier and prolonging the product's durability.

Designed for hotel use, this bathtub mat combines functionality with a discreet design, providing comfort and essential safety for any accommodation space.
