

Foldable Wooden Luggage Rack with Back

Description

The folding wooden luggage rack with backrest is a functional and elegant solution for hotels, local accommodations and Airbnb spaces looking to improve comfort and organization in guest rooms.

Made of resistant wood with a natural finish, it offers a stable and secure structure to support luggage during the stay. The backrest model helps prevent suitcases from sliding sideways, providing greater stability during use.

The folding design allows easy storage when not in use, taking up little space and fitting easily into closets or service areas. The 4 black nylon straps ensure firm support for different types of luggage.

- **Main features:**

- Resistant wooden structure;
