

Nilfisk VP300 HEPA EC EU Vacuum Cleaner

Description

Equipped with a removable cable for simple and quick replacement, the Nilfisk VP300 HEPA EC EU is a reliable solution for professional cleaning operations that require consistency, durability and ease of use.

The new Nilfisk VP300 features a renewed and modern design, with ergonomic improvements in the handle, latch and curved elbow that reduce strain during use. Thanks to its large capacity container, leader in its category, and more efficient cable management, this vacuum cleaner was developed to facilitate daily cleaning with maximum performance.

- **Intuitive use:** color-coded touch points for easy interaction.
- **Quick and tool-free maintenance:** simple access to the bag and filters.
- **Ergonomic connection:** foot-operated switch and optimized cable winding.
- **Compact design:** ideal for reduced spaces and congested areas, such as hotels, offices and commercial spaces.
