

Alton Shiny Steel Toilet Brush

Description

Elevate the standard of sophistication and hygiene of your bathrooms with the Alton Shiny Steel WC Toilet Brush, a piece that perfectly combines essential functionality with a modern and elegant design.

Designed specifically to meet the demands of high turnover environments, such as hotels, local accommodation units, Airbnb and prestigious offices, this toilet brush stands out for its durable construction in polished 201 steel, which provides a refined shine and superior resistance to daily use.

The intelligent design of the Alton Toilet Brush focuses on maximum efficiency and ease of maintenance. Inside, it features a glass container that facilitates cleaning and promotes impeccable hygiene, while the scratch-resistant and waterproof plastic base protects the floor and ensures product longevity.
