

Aruba Eco Hotel Safe Black M15

Description

The Aruba ECO electronic safe was developed to ensure security and functionality in hotel rooms, local accommodations and other spaces that require protection of personal belongings. With a compact and discreet design, it allows safe storage of electronic devices, documents and valuables.

It stands out for its motorized opening with digital keypad and mains-powered operation, providing simple and intuitive use for the user. It integrates an audit system with a record of up to 200 events, allowing control and monitoring of access history. It also includes a universal power socket inside, with USB port, ideal for safely charging devices inside the safe.

Technical features:

- Electronic code opening system with 4 to 6 digits;
- Emergency code with 6 digits;
- Audit record up to 200 events;
- Motorized opening;
- Power supply: 110–220 V / 50–60 Hz;
