

100 Natural Wood Hangers with Anti-Theft Hook 17 mm

Description

Developed for professional use in hotels, local accommodations and other high-traffic environments, this set of 100 natural wood hangers ensures consistent organization and greater control of equipment in guest rooms. Ideal for equipping wardrobes with a uniform, durable solution aligned with hospitality standards.

The anti-theft system prevents improper removal of hangers, reducing losses and increasing stock durability. The 17 mm thickness provides greater strength and resistance to intensive use. The concave shape adapts to garment structure, helping maintain the shape of shirts, coats and parkas, while the notched anti-slip bar ensures stability when hanging trousers and sets.

- **Technical features:**

- Set of 100 natural wood hangers;
