

## Cubo Compact Chrome Hotel Luggage Cart

### Description

Practical and resistant solution for luggage transport in hotels and reception areas.

This polished stainless steel luggage cart maintains the robustness and durability of the standard version, now in a more compact format, ideal for spaces with limited area or reduced circulation. The steel tube structure ensures stability even under frequent use.

Equipped with 2 swivel wheels and 2 fixed wheels, it provides smooth movement and efficient control in daily operations. The black anti-slip mat protects luggage from slipping and scratches, ensuring greater safety during transport.

Supplied fully assembled, it is ready to use from the first moment.
