

BIGFLOW EVO Gun Metal Hand Dryer

Description

With a gun metal PVD finish, the BIGFLOW EVO hand dryer offers an elegant and resistant solution for contemporary bathrooms in hotels, restaurants, offices and premium spaces.

The stainless steel structure ensures high resistance to continuous use, while the automatic sensor provides a more hygienic and convenient experience for the user. The design without dangerous edges enhances safety in public environments.

The brushless motor ensures efficient operation without the need for frequent maintenance, making this model suitable for high-traffic locations.

- **Technical features:**

- Stainless steel housing;
- Gun metal PVD finish;
- Automatic infrared sensor;
- Total power: 2050 W;
