

Thornton 9L Double Layer Bin in Brushed Steel

Description

The Thornton 9L Double Layer Bin offers durability and versatility for hotel guestrooms. Featuring a sturdy construction, a steel collar for added strength, and a flame-retardant design for safety, this bin is built to last. The rubber base prevents slipping, ensuring stability. For enhanced waste management, it can be paired with the Thornton Recycling Bin Insert, making it an ideal solution for easy and sustainable waste separation.
